INTELLIGENCE SUPPORT OF U. S. OPERATORS AND POLICY-MAKERS (EXCEPT NIE's)

1. OIT Commerce. The DD/I issued instructions for the intelligence support of OIT on 4 April 1952.

2. Foreign Assets Control. The DD/I issued instructions for the intelligence support of Foreign Assets Control, Treasury, on 19 November 1952 (TAB A). This Office is following through on implementation.

3. Special Representative Europe. The question of intelligence support for Ambassador Draper has been raised recently and OIC action, after consultation with ODD/I, is indicated in memorandum of conversation (TAB B).

4. COCOM Support. OIC is at present examining the use made of CIA intelligence and/or information used in the support of the U. S. Delegate to this international economic group to determine the protection afforded that intelligence.

5. IWG terms of reference. OIC is discussing with interested offices, a proposal by OO to revise paragraph 8 of the IWG charter. This paragraph deals with the access to intelligence and information by IWG members.

EXCERPT FROM REPORT TO THE ACTING DD/I on 8 December 1952

1. OIC advised Mr. Trueheart of the Department of State on the question of intelligence support to the Senior Representative Europe that CIA:

a. considers the problem of National Intelligence Estimates is taken care of with their provision to Livingston Merchant by State;

b. considers SRE need for the full Watch Committee Report was decided when IAC disapproved its dissemination to SRE - the Watch Committee report summary is given to Livingston Merchant by State;

c. is not prepared to publish a special version of OCI material for use of the SRE;

25X1

d. participates in arrangements already in existence for the provision of [redacted] support in Europe;

e. considers State, when it provides intelligence support for the SRE, has already included in that intelligence support CIA information; and

25X1

f. If there are additional requirements whether for current intelligence, [redacted] information, or other, should receive these requirements from State and consider them case by case: for example, if it is determined by SRE and State that additional

25X1

[redacted] support is necessary the requirement can be laid on FI by State; if it is determined by SRE and State that State cannot meet the current intelligence requirements of SRE then an additional requirement can be laid on OCI by State.

2. In a conversation with Mr. Furnas, Intelligence Officer for SRE, in his visit on 9 December to the Department of State, AD/IC advised, in general, that the needs of SRE for intelligence be met through the Department of State.
